Warm Up + Posting

How a new account warms up, then how it posts. Two parts. The whole idea: act like a real person.

Version **v0.1** Updated **10 Nov 2026** Owner **K** Tool **Instagram · Facebook · Threads**

01 Watch first

Warming up social media accounts. Watch all of it before you start. Come back to it any time.

02 What this is

A brand new account that scrolls for hours or posts straight away looks like a bot, and bots get banned. So every account starts slow and builds up, **like a real girl who just joined.**

Warm up teaches the app what she likes (her niche). Posting only starts once she looks real.

⚠ THE RULES THAT GET ACCOUNTS BANNED

NEVER CONNECT THE PHONE TO WI-FI. HOTSPOT ONLY.

NEVER DOWNLOAD A PICTURE FROM GOOGLE DRIVE ONTO THE PHONE. ALWAYS OPEN IT AND TAKE A SCREENSHOT.

The apps can see where a picture came from and how the phone connects. Break one of these and the account gets banned.

Part 1 · Warm up

1 Day 1: Explore only

Instagram: **Explore** page. Tap a post, come off it. Another post, come off it. **5–10 minutes.**

Day 1: never scroll the feed. Never open Reels. Nothing gets posted.

Why: a quiet first day looks like a person finding their feet.

---

2 Day 2 onwards: build her niche

Scroll and watch content **from her niche**: Star Wars, Star Trek, Lord of the Rings. Like a few, follow a few niche pages, watch reels to the end. **About 1 hour per account.**

Why: the app learns she loves her niche, so it shows her posts to people who love it too.

---

3 Facebook

Profile: about 10 minutes, follow niche pages. Page: follow pages like ours and from her niche. **TO BE FILLED** · Facebook day 2 onwards

---

4 Threads

TO BE FILLED · Threads warm up

5 Act human

- Breaks. Don’t do every account back to back at the same speed.
- Don’t like 50 things in a row.
- Never on Wi-Fi. Hotspot only.

04 Part 2 · Posting

1 When

First posts only **after 24 hours of warm up.** **TO BE FILLED** · how many posts per day, per platform, and when

2 Get it onto the phone

From Google Drive: open it, **screenshot** it, crop it.

NEVER DOWNLOAD FROM GOOGLE DRIVE. ALWAYS THE SCREENSHOT.

3 Caption

Use a **winning caption**. **TO BE FILLED** · where the winning captions are, with 3 examples

4 Music

Reels get **trending music**. **TO BE FILLED** · how to pick the music

5 Post, then move it to Posted

Post it. Then in Drive, move it into **Posted**.

Why: nothing gets posted twice.

6 Hidden Words on

Before the first post, check the account hides AI comments (it's a step in every account SOP).

05 Done means

- ☐ Day 1: Explore only, 5–10 minutes, nothing posted.
- ☐ Day 2+: about an hour of niche content per account.
- ☐ Posts go up after 24 hours, from screenshots, with a winning caption.
- ☐ Posted things are moved to Posted.

Question not in here?

Read this SOP first. If the answer isn't here, **you must tell K and ask him.** Your question then gets added, so the next person finds it.
